### Red Eye Yacht Club Newsletter

#### Message from Commodore - Wayne Orem

Hello Red Eye family,  
I hope everyone is doing well. As most of you are aware we are doing some repairs to the clubhouse and we are fortunate to have such talented and devoted members who have stepped up. Thank you all very much for your efforts! That being said I want to ask membership to keep this in mind when visiting the club or having an event. It will be a while before things are buttoned up so please be patient and do not complain about the condition of the clubhouse. We are doing our best to keep the mess confined to the repair area, however there will be days it spills over. In the event of snow, PC Bob Carr has stepped up and will handle the plowing whenever possible. I also want to remind membership that we made a decision at the December general membership meeting the snow removal would not include the sidewalks or piers. We agreed that membership would handle this as needed based upon scheduled club events. Until further notice we will be mandating mask wearing at all club meetings. This is to follow the county guidelines and to respect those club members who have the right to attend meetings and have their voices heard without worry of becoming sick. Please everyone follow these guidelines for the good of the club. In the interest of keeping the general membership meeting running smoothly and conducted a timely manner, I have decided to give one warning on the bar side for quiet, and if that doesn't happen, I will shut down the bar for the remainder of the meeting. The sooner we conclude the meeting and club business, the sooner we will all be able to get back to socializing.

I encourage everyone to keep an eye on the clubs event

calendar. John Gosnell is doing a great as entertainment chair and this is just one of the things he has brought to the table so far. I foresee many good times to be had in the coming year. Let's all work together to get through the repairs on the clubhouse, the covid situation, and any other challenge that might be thrown our way. We have a great club. I know we can do it!

## Message from Vice Com - Scarlett Corso

Happy February Red Eyes! First things first, please remember to wear your masks inside the club when you are not seated. This applies until I send out a notice that Baltimore County has lifted the indoor mask restriction (and I will notify the Club when that is lifted). Please do not make the officers police you to comply; it is not enjoyable or comfortable to be enforcing a law on the members that you follow everywhere else in Baltimore County.

Additionally, if you host a private event, you are responsible for telling your guests that they need to bring their masks and plan on wearing their masks in the Club. When the officers come to Club to support an event (private or otherwise), it is not so that we can harass guests to comply with the law; we want your guests to enjoy themselves and officers come by the events, in part, to support the events, not to police the guests. Lastly, as you can see, construction on the clubhouse is underway! There is a temporary men's restroom on the first floor (opposite the women's restroom), that is fully operational! Please be mindful that on the weekends, our volunteer member workers are going to be hard at work, and there may be a slight increase in dust and noise, and a decrease in temperature. Anyone look for extra hours that they'd like to earn by way of cleaning or construction, please let me know, as we are looking for volunteers to help with both. To that end, if you are hosting an event, please make sure you check out the state of the clubhouse prior to the event and plan on the fact that you may need to dust a little or straighten up from the construction to prepare the club for your event. Say an extra special thanks to Mike Delmar, Andy, Kyle Gubernat, Steve and whoever else you see hard at work on the construction- they are sacrificing their time and labor for the good of the club! Thank you everyone for your help on all of the above, and I look forward to warmer weather, the lift of the mask mandate, and our revamped clubhouse!

The Board voted and effective immediately, when the building is found unlocked the security footage will be reviewed in order to determine the offender. The disciplinary tier is as follows: 1st offense is a written warning, 2nd offense is a \$25 fine, and 3rd offense is disciplinary action by the Board.

On Thursday, May 27 the Board met and discussed work hours as it relates to Private Events and normal business hours. Two motions were made and passed and are as follows.

1. As it relates to Private Parties: It is the responsibility of the host to get a member to work the party for hours. If they cannot get someone the host must contact the Entertainment or Kitchen chair. If the scheduled member bartender cancels, it is the responsibility of the host to find a replacement. (*A host cannot self-bartend their own event for hours*)
2. As it relates to normal business hours: The Bar Chair will comprise a schedule of members who will work for hours Fridays & Saturdays 7pm-11pm as needed and determined by the Bar Chair. It will be the determination of the Bar Chair to determine if and when a bartender is needed.
